"THE MAN THAT PUT THE 'MOVE' IN MOVIES."

CUSTOM MADE OXFORDS

Once a man wears a pair of flat Oxfords he will always be partial to them. They hold their shape better, more comfort assured and the most practical kind of footwear for a man to wear.

Our showing of custom made Oxfords seems to be superior to any others ever shown—black and tan, all prices and carried in sizes and widths that will best suit your foot.

Come in and let's talk over the custom last idea.

Items of Interest and Personal Mention Caught Over the Wireless on the Streets of Anderson

New School

Opens Monday

It was said yesterday that the Orr Mill school will open next Monday. This school has just recently been completed and turned over to the school board. It was understood yesterday that Mrs. C. M. Buchanan would be the principal of the new school, while the corps of assistants selected is extraordinarily capable and competent of directing the various branches of the school work.

Exhibits are

Now Arriving

The exhibits for Field Day to be held in Anderson on March 27, are now arriving and are being arranged and catalogued by Miss Maggie Garlington, the rural school supervisor of the county. Miss Garlington says that she feels much encouraged over the splendid work that the children have done and that she is proud of the exhibits received to date. She plans to also carry these to the State Teachers' Association, which convenes in Spartanburg on March 19.

Trying for

A Special Train

Application was made yesterday to C. S. Allen of the Piedmont and Northern Lines to furnish a special train for the Anderson county school teachers going to the State association in Spartanburg on March 19. It is hoped that this can be arranged and that some provisions will be made for the comfort of the teachers. Present indications are that there will be a large delegation from Anderson and the railway would do well to provide for them. If the special train is secured, it is probable that it will run entirely through from Anderson to Spartanburg.

Miss Stribling

Is in Anderson

Miss Lizzie Stribling of Pendleton, has arrived in Anderson to accept the position with Mrs. J. C. Holloman's millinery parlors. Miss Stribling has excellent taste in millinery matters and she will no doubt prove of great value to Mrs. Holloman. She is receiving quite a warm welcome from numerous Anderson friends.

Songs Written by

An Anderson Lady

Anderson boasts of a number of literary people, a number of whom have made names for themselves, but the latest addition to the large number is Mrs. C. S. Sullivan, the composer of a song hit appearing on the markets of Anderson yesterday. The song is entitled, "Down in the Palmetto State," and it has a hitting refrain that is well nigh irresistible. Every man, woman and child reading the lines last night was straightway humming it and Mrs. Sullivan was being complimented from all sides. Both the song and the words were composed by this gifted Anderson woman and Anderson people are proud of her.

Tango Teacher

Has Departed

The tango teacher from Atlanta, Miss F. N. Johnston, yesterday returned to her home after spending ten days in Anderson teaching the would-be tangoers just how to get the elusive step. During her stay in Anderson, Miss Johnston made quite an impression upon all the people with whom she came in contact and she delighted the many pupils thronging the hotel to learn the tango. That she certainly knows how the dance goes herself, cannot be denied and she succeeded in showing a good many of the learners just how it should be done.

Last Lyceum

Well Attended

A large audience witnessed the last lyceum number given at Anderson college "orium under the Alkhest Lyceum system last night.

Mr. Craine, besides keeping the audience deeply interested in his drawings, held their attention with his witty remarks. The lectures were splendid, each bringing a round of applause from the audience.

The city modeling surpassed the expectations of many that were not familiar with Mr. Craine's work. The busts represented the three men, Lee, Lincoln and Uncle Sam, known to every school boy.

The season has been one of marked success, large audiences greeting every performance.

Serious Case

Of Appendicitis

Dr. Shirley and Mrs. Rike of Central arrived in the city yesterday morning bringing Mr. George Rike, who was suffering with a severe case of appendicitis. An operation was performed immediately at the Anderson Hospital and was pronounced successful, although, had it been delayed any time the consequences would have been very grave. Last night the patient was resting well.

Returned Missionary

Will Speak Tonight

Miss Cleo Young, a returned Missionary, will speak at the Wesleyan Methodist church on South Main Street at 7:30 Friday night. All are cordially invited.

PROGRAM ANNOUNCED FOR THE CHAUTAUQUA

LONG LIST OF THE EVENTS FOR ANDERSON

BEGINS APRIL 27

Famous Men and Notable Events

Scheduled for Week in April At Anderson

The representative of the lyceum company booking the attractions for the chautauqua attractions for Anderson spent yesterday in Anderson and while here he gave the program for the chautauqua to be held in the city. While there are some events yet to be supplied, the features already placed on the program show that Anderson's chautauqua will be superior to anything of the kind held in the state this year.

Mr. Correll said yesterday that he had been more fortunate in securing attractions than he had at first thought possible and that some rare treats are in store for those towns contracting with the company.

The chautauqua begins here on April 27 and continues through May 3 and the following is the order in which the various events come:

Monday, April 27.
2 P. M.—Dunbar male quartette.
2:30 P. M.—Lecture by Hon. George D. Alden.
7:30 P. M.—Concert by Dunbar male quartette.
8 P. M.—Impersonation by John B. Ratto.

Tuesday, April 28.
10 A. M.—Morning lectures and the telling hour.
2 P. M.—Concert by the Maunier sisters.
2:30 P. M.—Monologues, Everett Kemb.
7:30 P. M.—Lecture by Edward Amherst Ott.

Wednesday, April 29.
2 P. M.—Concert by Misses Welch, Christensen and Baker.
2:30 P. M.—Lecture by Dr. W. A. College.
7:30 P. M.—Concert by Misses Welch, Baker, and Christensen.
8 P. M.—The Ben Great Players.

Thursday, April 30.
2:30 P. M.—Prelude, Cathedral choir.
2:30 P. M.—Recital by Marcus Kellerman, baritone.
7:30 and 8:00 P. M.—Concert by cathedral orchestra.

Friday, May 1.
Kryl and his band and grand opera quartette.

Saturday, May 2.
2 P. M.—Concert by Tarenelli Trio.
2:30 P. M.—Lecture.
7:30 P. M.—Children's concert, Tarenelli trio.
8 P. M.—Night Magic Revue.

Sunday, May 3.
2 P. M.—Concert, Kellogg-Haines singing party.
2:30 P. M.—Lecture, Montville Flowers.
7:30 P. M.—Sacred concert and sermon by lecturer.

It will be seen by the program that no mention is made of the morning hours except the first day's program. Each day during the chautauqua, the program will be devoted entirely to morning lectures and story telling hours.

Those Anderson people who have seen this program have been more than impressed with it and say that it is by far better in every respect than they had anticipated.

Mrs. Berket Henderson.

Honora Path, Mary's 12—Mrs. Berket Henderson died suddenly Sunday night at the home of her son-in-law, Lawrence J. Burns, who lives four miles east of this place. Mrs. Henderson was a widow and has made her home with her daughters. She was not ill previously, but as she walked out to supper fell dead. She was about 65 years of age. Burial will take place at Poplar Springs church in Laurens county.

CLOSE PUBLIC BUILDINGS

(By Associated Press.)

London, March 12.—Vandalism of the militant suffragists today caused the closing of many public buildings in addition to those which locked their doors yesterday.

Mrs. May Richardson, militant suffragette, who harked Voltaire's "Romeo and Juliet" in the National gallery, was today sentenced to six months' imprisonment.

"A STITCH IN TIME WILL SAVE NINE"

ANDERSON SHOULD PLAN FOR SUMMER

NOW TIME TO SWAT

Cleaning Up Premises Now Will Do Much to Help When Summer Weather Comes

If there is anything in the old adage "a stitch in time saves nine" those Anderson people who had even a speaking acquaintance with Solomon will shortly begin to clean up their premises preparatory to the coming of summer. By removing some of the winter's accumulation of rubbish and getting the premises cleaned up now, there won't have to be so much rubbish and getting the premises cleaned up now, there won't have to be so much swatting of the fly this summer and on the other hand, if the premises are not cleaned up, all the swatting that the family combined can do will not accomplish much. If the breeding place of the fly is not removed the killing of a few hundreds will not make any appreciable difference. To accomplish anything with the fly his breeding place must be destroyed. Thousands of eggs hatch out faster than any living man can kill flies.

In the hopes that it may do some good here the following "Fly Catchism" as prepared by the Indiana State Board of Health, is reproduced:

1. Where is the fly born?
In manure and filth.
2. Where does the fly live?
In every kind of filth.
3. Is anything too filthy for the fly to eat?

No.
4. (a) Where does he go when he leaves the surface closets and the manure pile and the spittoon?
Into the kitchen and dining room.

(b) What does he do there?
He walks on the bread, fruit and vegetables. He wipes his feet on the butter and bathes in the milk.

5. Does the fly visit the patient sick with typhoid fever, consumption and cholera infantum?

He does—and he may call on you next.

6. Is the fly dangerous?
He is man's worst pest and is more dangerous than wild beasts or rattlesnakes.

7. What diseases does the fly carry?
He carries typhoid fever, consumption and summer complaint. How? On his wings and hairy feet. What is his correct name? Typhoid fly.

8. Did he ever kill anyone?
He killed more American soldiers in the Spanish-American war than did the bullets of the Spaniards.

9. Where are the greatest number of cases of typhoid fever, consumption and summer complaint?

Where there are most flies.

10. Where are the most flies?
Where there is the most filth.

11. Why should we kill the fly?
Because he may kill us.

12. When shall we kill the fly?
Kill him before he gets wings—kill him when he is a maggot in the manure pile—kill him while he is in the egg state.

13. How?

Keep the stable dry and clean and don't allow any manure to stay on the premises longer than one week. Have all other filth and trash accumulating on your premises removed and buried at least once a week.

14. If your neighbor fails to comply with rules and allows flies to breed on his premises to visit you, screen your doors and windows and keep them out.

Anderson is no dirtier than any other city in this section of the country but at that the statement does not stand for much. There is not enough care used in keeping the premises in and around the city cleaned up and the statement that at least half of the sickness of the community is due to this carelessness can not be denied.

The newly elected board of health is soon to launch the summer campaign and it gives the following splendid working rules for Anderson people to bear in mind:

"Keep the lids on garbage cans.
"Pile up the trash in yards and notify the sanitary department to come and get it.
"Don't throw things into streets and alleys.
"Help us to put an end to the flies and mosquitoes. You know trash breeds them."

Killed With Gun.

Lancaster, March 12.—Yesterday in the White Bluff section of the county James Daniel, a negro, in an altercation with Thomas J. Blackmon, a prominent and well known citizen of that community and of the county, was struck over the head with a shotgun in the hands of Mr. Blackmon and killed. Particulars of the homicide are not yet known here. Mr. Blackmon came to Lancaster last night and surrendered.

Why we want Small Accounts

Do you realize that a hundred small accounts make a bank stronger than a dozen large ones even if they aggregate the same total of deposits?

That's why we are constantly seeking new customers. We want as wide a circle of friends and customers as possible.

Of course, large accounts are welcome, too, for it is our purpose to serve ALL people.

But we want men and women of limited means to know that this bank is willing to accept their deposits and give them the advantage of our advice and every facility of the institution.

If you are not a bank depositor at all come in and get acquainted with us. We will be glad to talk things over with you.

Citizens National Bank
